

School of Bioresources and Technology
King's Mongkut University of Technology Thonburi
Guideline for Ph.D Dissertation Format

School of Bioresources and Technology has specified the guideline for preparing dissertation in order to be partial fulfillment of the requirements for the degree, by using either one of these TWO forms:

Form 1

- | | |
|--------------|-----------------------------|
| - Chapter 1 | Introduction |
| - Chapter 2 | Principle/Literature Review |
| - Chapter 3 | Research Methodology |
| - Chapter 4 | Results/Discussion |
| - Chapter 5 | Conclusion/Suggestion |
| - References | |

Form 2

- | | |
|-------------------------------------|---|
| - Chapter 1 | General Introduction (Overall dissertation introduction) |
| - Chapter 2 | Literature Review (Literature Review related to dissertation) |
| - Chapter 3 and other chapters | Consist of abstract , introduction, methodology , results and discussion, and conclusion for each chapter. |
| - Overall conclusion and suggestion | |
| - References | Follow the university's reference writing style
Insert at the end of dissertation or at the end of each part of dissertation (Choose only one type). |

Announcement established on 17 February, 2017
